## 19" High Resolution LCD Monitor **V-R191P-SDI**

The V-R191P-SDI is a 19-inch high resolution LCD panel that is the perfect fit for your DTV Wide Screen monitor needs. The unit offers a flexible input configuration without the need of special adapters or control boxes, standard inputs and active loop through on each connection for SDI (ITU-R BT601), composite video and Y/C (S-Video). For computer graphic applications, this unit also has a scaleable SVGA input. As an added feature, a 10-bit analog output is available when using an SDI signal. Adjustments are made using convenient front panel controls.
